Dear Mr. Vogt:

re: Your file 582-338
PM file 322

Several of my associates have helped me review the application on Selective Alkaloid Extraction, and they have pointed out a number of statements or passages which would be quite difficult to defend without some clarifications.

The comments listed on the enclosure seem to be quite valid to me, and I am proposing the alterations and suggesting the rewordings indicated. Please call me if you have any questions or if you believe we should get together again to discuss the changes.

Very truly yours,

PHILIP MORRIS Inc.
